

FROM THE DESK OF ROGER GAUTHIER

ROYAL ADVISOR SESSION 20180920

Dr. Cheryl-Ann: I asked the Lord what is on His heart and he responded with two words:

The LORD: Execution & Freedom.

"Redefine success for them. It's not about hours in a prayer room, followers or likes. It's about daily obedience to what I say. Give them freedom to move! Too many are aspiring to the big win, the Tada, the Pinnacle, the summit, or in some cases their mountain.

The problem with this thinking is that it's binary: success versus failure. Nowhere in this thinking is there room to grow, make mistakes, wrong turns, missteps, Etc.

I Never Promised You a Rose Garden, but I gave you the seeds and a shovel. What you make of your seeds and shovels it's up to you.

It can be big or small, few or many. That doesn't really matter to me. What I care about is MOVEMENT.

Every day just do something to move your ball down the field. Miley Cyrus's song, It's the Climb, is so appropriate for the journey.

Cheryl-Ann: I asked the Lord, so what do they need to hear? This is when I heard the poem.

Baby steps
done to Me
is the way to success
you see.

No more Leaps and Bounds
no more quick steps to success
let your pot simmer,
Let your heart rest.

It's the striving that wearies people out,
trying to be someone they're not.
Just sit back and walk with me,
Sit back and give this a shot.

Simply do what I say
Each day that you're here
and soon you'll be walking
out on your Pier.

A pier that keeps you safe.
A pier that set you up .
A pier that positions you
for your triple cup!

For the Triple cup
is the prize of all prizes,
it comes with persistence
and for you it symbolizes

That you stood the test
and kept walking through
each hurdle an obstacle
with Me and you!
